<i>Theme/Premise</i> A Vaporwave theme of a car driving past the sun.	<i>Target audience</i> All Ages - For those that need ambience in the background, etc.	<i>Deliverables</i> .aep file .ai file .psd file
--	---	---

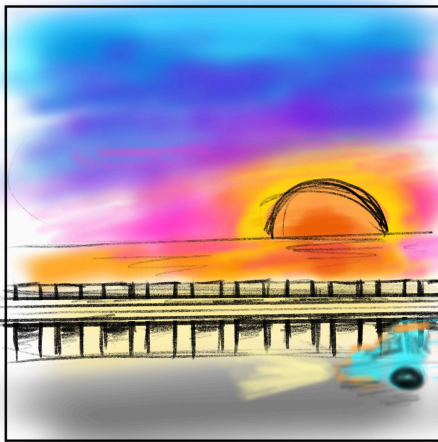

Concept

Car enters the frame from Right to Left as the sun slowly pans Right to left downwards. The railing glides slowly to show motion of the car driving as the car becomes fully visible in the frame. Then the car moves to the left of the frame while the sun completely sets, as the sky darkens to night from sunset.
